

Joint inspection of children's services in Fife

Survey for parents and carers

HAPPY TO TRANSLATE

The Care Inspectorate is inspecting services for children, young people and families in the area where you live. This includes inspecting the work of the people who support you and your family.

Information for those completing the survey

We are using this survey to get feedback from parents and carers as part of the inspection of services in Fife. We will bring all the survey results together and they will help us find out what is working well in your area and where things can be improved.

Our inspection is focused on children and young people who need protection or who are care experienced. When we say 'care experienced', we mean children and young people currently or previously looked after and living with parents, with other family or friends, with foster carers, in residential care or receiving regular overnight short breaks.

The survey should take no longer than 10 minutes. We would be grateful if you complete and return to us in the stamped addressed envelope enclosed as soon as possible.

The survey is not a test (there are no wrong answers) and there are no trick questions. It is okay to get help from someone you trust to complete the survey.

What will we do with what you tell us?

We will use the results of the survey to help us find out what is working well and what could be better about the care and support in the area where you live. At the end of the inspection we write a report and produce a short video about what we found.

Prefer to talk to someone?

If so then please return the slip provided at the end or use the contact details below. One of the inspection team will contact you.

Confidentiality

The questionnaire is confidential, You are not asked for your name or any other information which may identify you. This also means that we cannot contact you about anything you put in the survey. If you have any concerns for your child's safety or for anyone else you must contact social work services in your area.

We have a duty to pass on information if there are concerns about safety of an individual.

In some of the following statements we refer to 'staff'. We mean people who are employed to support you or your family. Who will you be referring to when you answer questions about 'staff' in this questionnaire? (please circle only one, you can comment about other staff later):

Getting it Right For Every Child (GIRFEC) questions

In Fife services are committed to Getting it Right For Every Child (GIRFEC), you may have heard about this before. GIRFEC describes eight things it believes are indicators of wellbeing – Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included (you may also have heard them described together as SHANARRI indicators). We want to ask you questions about these indicators and the services you and your family may have received over the past couple of years – for example, has your child needed support with being active, did they receive this support and did it make things better?

	Indicator of wellbeing	This means my child is	In relation to this indicator	Yes	No	Does not apply
