Executive Summary:	
<p>The Executive Framework is a document that sets out and underpins the relationship between the Scottish Government and the Care Inspectorate as an Executive NDPB. The Executive Framework should be reviewed every two to three years. The current Care Inspectorate Executive Framework was approved by the Board in March 2014 therefore a formal review is overdue.</p> <p>There is a Model Executive Framework on which the Care Inspectorate version is closely based. The changes between the March 2014 approved version and the draft revised version are not significant as evidenced by the tracked changes.</p> <p>The draft revised Executive Framework has been discussed between Care Inspectorate officers and the Sponsor Department.</p> <p>The Board is requested to approve the revised Executive Framework.</p>	
It is recommended that the Board:	
1.	Approves the Executive Framework (Appendix 2)
